Honorable Jerry Thomas  
President of the Senate  
The Capitol  
Tallahassee, Florida

March 31, 1972

Dear Mr. President:

Pursuant to the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of the State of Florida, I hereby transmit to you with my objections Senate Bill 1278, enacted by the Legislature during the Regular Session commencing February 1, 1972, and entitled:

"An act authorizing and requiring payment of compensation to certain employees of the Jacksonville Electric Authority for certain hours worked for which payment was not authorized at the time such work was performed; providing an effective date."

Based on the request of the Mayor and the City Council of Jacksonville, a majority of the legislative delegation has reconsidered its position and asked that Senate Bill 1278 be vetoed.

Since this is a purely local measure and in response to the request of a majority of the Duval delegation and the request of the Mayor and City Council of the City of Jacksonville, I am withholding my approval of Senate Bill 1278, Regular Session of the Legislature, 1972, and do hereby veto the same.

Sincerely,

#### MESSAGES FROM THE HOUSE OF REPRESENTATIVES

*The Honorable Jerry Thomas*  
*President of the Senate*

April 3, 1972

Sir:

I am directed to inform the Senate that the House of Representatives has passed with amendments—

By Senator Boyd and others—

SJR 1305—A joint resolution of apportionment; providing for the apportionment of the senate of the Florida legislature composed of forty (40) members; declaring the state policy followed by the legislature in such apportionment; providing a four-year term for all senators except those elected in 1972 from even-number districts, who have a two-year term; adopting U. S. Census terms for use in such apportionment; providing for omitted areas; providing severability of invalid portions; and providing effective dates.

#### Amendment 1

On page 1, line 22, strike everything after the resolving clause and insert the following:

Section 1. The legislative representation of the people of Florida shall continue as now constituted until the general election to be held in November, 1972. Thereafter, the representation in the legislature of Florida shall be as set forth in this resolution.

Section 2. In the adoption of the House of Representatives districts contained in this resolution and in its deliberations preceding such adoption and culminating therein, this legislature is following in good faith the following rational state policy of:

(1) Recognizing the continuous and dynamic population growth in this state by establishing a House of Representatives of one hundred and twenty (120) members, and in doing so guaranteeing better access between the inhabitants of this state and their representatives.

(2) Providing multi-member districts for densely populated counties to guarantee effective representation and operation of government at the state level.

(3) Providing single-member districts for the rural counties which achieves the state policy of guaranteeing effective representation and operation of government at the state level.

(4) Establishing the following formula to achieve the above objectives:

Multi-member districts in densely populated counties of the state are based on the county's representational ratio, however, no multi-member district exceeds six (6) representatives; single-member districts are based on the same policy and are provided in the counties not covered above.

However, the Legislature's overriding consideration to this policy is its good faith effort to achieve mathematical preciseness.

(5) The Legislature in addition to the above policy has apportioned the Florida Senate in accordance with the Constitution of the State of Florida and the United States.

Section 3. The senate of the Florida legislature shall consist of forty (40) members, each representing a district; where a single description is used to describe more than one district each district is identical and includes the same entire territory; the state shall be apportioned into senatorial districts as follows:
